WARNING

WARNING — THE INSTALLATION MUST BE CARRIED OUT BY A QUALIFIED ELECTRICIAN.

- Please keep the LED vapour tights away from any corrosive substance, and please use dry cloth when you clean it
- Before installation or maintenance, please disconnect the power to prevent electric shock

CAUTION

PLEASE READ INSTRUCTION BEFORE COMMENCING INSTALLATION AND RETAIN FOR FUTURE REFERENCES.

- Electrical products can cause death or injury, or damage to property.
- If in any doubt about the installation or use of this product, consult a competent electrician.

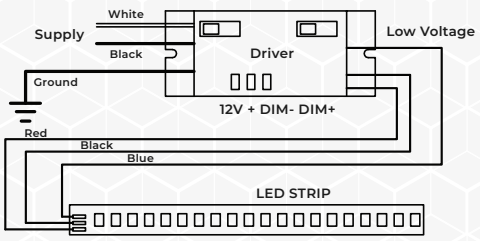

INSTALLATION REQUIREMENTS

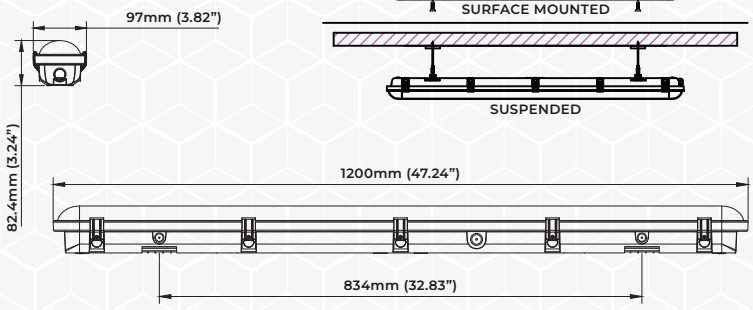

1. DO NOT cover the fixtures with flammable materials.
2. Light should always be installed or replaced with care.
3. Misuse of, or changes to the fixture shall nullify the guarantee.
4. Before installing the lighting fixtures, please read this instruction manual carefully.
5. When light is to be cleaned, make the power off and let it cool down completely.
6. Clean the fixture with a soft cloth and a standard PH neutral detergent.
7. Check the local voltage in accordance with the product requirements.
8. Before using the product. Exclusively replaced by the manufacturer or his service agent or the similar qualified personin order to avoid a hazard.
9. The lighting fixtures should be installed, connected and tested by a certified installer based on the local regulations.
10. Relamping only can be done when the power is off and the lamp is completely cooled down.

NOTES

1. Instructions do not cover all details and all possible product configurations.
2. Do not restrict luminaire ventilation.
3. Ensure LED luminaire is not covered with material that will prevent convection or conduction cooling.
4. Ensure LED luminaire has the correct polarity before installtion.
5. Avoid exposing wiring to metal edges and sharp objects.
