LED LINEAR HIGH BAY/2FT/MULTI-WATTAGE /2CCT

PRODUCT DESCRIPTION

Etlin-Daniels introduces their latest generation of LED Linear Highbay Fixtures - the HBL72SP series. Constructed of durable stamped steel & aluminum, with a convenient 2-foot design, each fixture offers the latest in high efficacy, multiple wattage and color temperature options, flexible mounting options, along with precision, glare free illumination.

The new 2-foot design in the HBL72SP-M255WCOMB-WH-10MC meets the UGR requirements through the durable polycarbonate matte finished lens to achieve DLC5.1 Premium Status. And all fixtures come with Multi-Wattage and 2CCT switching, and are 120-347V.

Also equipped with a 10' whip, 6kv surge protection and Microwave & PIR Sensor base pre-installed to reduce contractor labor, and v-hooks and chain in packaging, the new HBL72SP series will reduce inventory stress while eliminating potential order errors. With multiple mounting options - suspended, surface mount, pendant mount - and with wire guards available, and available 0-10V Continuous Dimming, the new HBL72SP series is the ideal solution where LED Highbays are required.

FEATURES

- LED Indoor Light Source
- 2-foot Linear Highbay Design
- V-Hooks and Chain in packaging
- Pendant Mount and Ceiling Mount available
- 120-347V // CRI>80
- UGR<28 for DLC Premium status
- Matte Lens // 90° Beam Spread
- 6kv Surge Protection // IP20 - Damp Location Rated
- 10' power cord // Sensor base pre-installed
- Multi-Wattage - 255W / 220W / 180W
- 2CCT - 4000K / 5000K
- 0-10V Continuous Dimming
- 5 year warranty
- L70 - 50,000 hours
- DLC5.1 Premium
